Dear Supervisors:

**DEPARTMENT OF PUBLIC WORKS: BIG DALTON WASH
PARCELS 63 AND 804
GRANT OF EASEMENT - CITY OF IRWINDALE
(SUPERVISORIAL DISTRICT 1)
(3 VOTES)**

**IT IS RECOMMENDED THAT YOUR BOARD ACTING AS THE GOVERNING BODY
OF THE LOS ANGELES COUNTY FLOOD CONTROL DISTRICT:**

1. Find that the proposed grant of easement for public road and highway purposes and the subsequent use of said easement will not interfere with the use of Big Dalton Wash for any purposes of the Los Angeles County Flood Control District.
2. Approve the grant of easement for public road and highway purposes from the Los Angeles County Flood Control District to the City of Irwindale in, over, and across Big Dalton Wash, Parcels 63 and 804, for \$12,250.
3. Instruct the Chairman to sign the Road Deed and authorize delivery to the grantee.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to allow the Los Angeles County Flood Control District (LACFCD) to grant an easement for public road and highway purposes (Parcel 10-2RE) in, over, and across Big Dalton Wash, Parcels 63 and 804, to the City of Irwindale (City).

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs that we provide Fiscal Responsibility (Goal 4). The revenue from this transaction will be used for flood control purposes. The granting of the easement will also provide Community Services (Goal 6). This action will provide the residents in the community with a safer, less congested roadway, thereby, improving the quality of life in the County.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund.

The proposed selling price of \$12,250 represents the appraised value of the easement. This amount has been paid and deposited into the Flood Control District Fund.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The City requested the easement in connection with its road widening project known as Los Angeles Street over Big Dalton Wash and is required to complete the project. The granting of the easement is not considered adverse to the LACFCD's purposes.

The proposed grant of easement is authorized by Section 2, paragraph 10, of the Los Angeles County Flood Control Act. This Section provides as follows: "10. To grant or otherwise convey to ... cities and counties easements for street and highway purposes in, over, and across any real property owned by the Los Angeles County Flood Control District."

The granting of this easement will not hinder the use of the channel for possible transportation, utility, or recreational corridors. Moreover, the Road Deed reserves paramount rights for LACFCD purposes.

The attached Road Deed has been approved by County Counsel and will be recorded.

ENVIRONMENTAL DOCUMENTATION

On March 1, 2005, your Board approved and adopted the Negative Declaration and the Mitigation Monitoring and Reporting Program for the Los Angeles Street over Big Dalton Wash project and found that by incorporating the mitigation measures described in the Mitigation Monitoring and Reporting program, the project would not have a significant effect on the environment.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

This action will allow for dual use of flood control right of way without interfering with the mission of the LACFCD.

5. The provisions and agreements contained in this Road Deed shall be binding upon CITY, its successors, or assigns.

To the extent any lawful assessment be levied pertaining to the area to which this Road Deed applies and to the extent that the assessment is based on the structures and improvements being constructed under the authority of this Road Deed, and provided further that the assessment be levied following CITY's exercise of these easement rights to construct such structures and improvements, CITY agrees to pay on behalf of DISTRICT that part of any such assessment levied against DISTRICT which is based on the value contributed to that area by CITY's said improvements.
